ها هو نبض الحياة يعود مجدداً لمدرستنا مشرعة أبوابها لاستقبال طلابنا الأعزاء. فتزينت ساحاتها وصفوفها بوجودهم، عادت أصواتهم وضحكاتهم لتملأ أرجاء المكان معلنة عن بدء العام الدراسي الجديد.. باعثة فينا الأمل لانبثاق فجر جديد مفعماً بالحياة. قلوبنا انتظرتهم وتشوقت قبل عيونا لرؤيتهم لتستقبلهم وتحضنهم وتهنئهم بهذه العودة الميمونة.

يا رب إنا استودعناك طلابنا فاحفظهم حفظاً يليق بعظمتك يا كريم اللهم ارزقهم حظاً في الدين وحظاً في العلم وافتح عليهم من بركاتك ورضوانك يا من لا تضيع عنده الودائع.

Middle School students were involved in the Student Council Presidential Elections this week. Five Grade 8 candidates spent their summer preparing their campaigns, posters and speeches in order to win the votes. The recorded speeches were aired in classrooms and students watched and listened attentively in order to choose the candidate that they thought would be best for the role of president. Students voted online and we can now announce that the winner is Nayef Sharif. A big congratulations to Nayef and we wish him the best of luck. Saba Sangoor came in second place and she has been appointed Vice President. Well done to Nawaf Deen in grade 6 for hosting the event. We look forward to seeing the work of the Middle School Student Council this academic year.

Today BBS celebrated 'International Peace Day'. It started off with students wearing their peace day T-shirts which they had prepared in their Art lessons. The students gathered in the football field to take a group picture forming a human peace symbol. Students from drama performed a short flash mob performance surprising their peers in different lessons. STUCO is greatly thankful for the cooperation of The Arts & Drama Department and the National Art Honor Society students in collaboration with the Innovation Hub in making this day a success!!!

Hand-finished and composed of 210 stainless steel spheres, Tila's design borrows its conceptual and aesthetic language from the traditional folk game of Tila (marbles), combining the communal nature of the game and its components as a metaphor for density. The array of entwined spheres shape the skin of the object, coupled by tubular profiles which creates its anatomy. Its chrome finish is intended to complement and reflect its context and surroundings.

Qirtas Shop has designed notebooks that reflect the culture of the Kingdom of Bahrain. "Palms" a testimony of Agriculture & craftsmanship, "Islands" a testimony of coastal culture and "Vessels" a testimony of archaeology.

Green Bar manufactures a range of products that aims to raise awareness to the healing potentials of the plant in the area. The products have been chosen to be showcased in Expo 2020 Dubai.
