BAHRAIN BAYAN SCHOOL'S WEEKLY INFO BOX

BAYAN SCHOOL NEWS

Dear Bayan Family,

The National Task Force has just announced the extension of the measures for mitigating the spread of COVID-19 for another two weeks, until June 25th. Therefore, we will continue giving staff members the choice to work remotely from home or from campus. Faculty and Staff wishing to work on campus are welcome to do so provided they inform their Line Manager/Principal and abide by the infirmary's rapid testing schedule while on campus.

For the end-of-year checkouts, Principals will arrange with their staff members to come on campus, clear classrooms/offices, submit their keys, and sign off for the year.

HR and Security will continue to coordinate with Principals to monitor staff attendance.

If you require further clarification, do not hesitate to contact your line manager or me.

Thank you and stay safe,

STAY SAFE! STAY POSITIVE!

Bahrain Officially Crossed the 1 Million Mark for First Vaccination Doses

The Ministry of Health just announced that The Kingdom of Bahrain has now crossed the 1 million mark for the first dose of COVID-19 vaccinations, which means that 80% of the eligible population are now more protected against the coronavirus! After seeing a surge in cases towards the end of May, the island set tougher measures to curb the spread of the disease, along with ramping up vaccination capacities. The Pfizer vaccine has also been made available to children aged 12 -15, which significantly reduces the spread of the disease and offers protection to the young as well.

Children Under 12 Are Now Being Given the Pfizer Vaccine in Latest Trials

In the latest developments of the coronavirus pandemic, vaccine maker Pfizer-BioNTech has now begun distributing vaccines in a trial stage among children under 12 years old. On Tuesday, the pharma giant announced an advancement in their Phase 2/3 using lower doses than those currently given to adults – with 10 micrograms of each dose given to kids between 5 and 11 years old, and 3 micrograms of each dose for those 5 and younger. Children have been considered as super-spreaders of the virus, unknowingly contracting it and passing the disease onto more susceptible segments of the population.

HM King Hamad Issued Directives to Ensure Bahrainis Abroad Receive Vaccines

The Cabinet praised His Majesty King Hamad bin Isa Al Khalifa's royal directives to ensure that Bahrainis living abroad receive the vaccine against the coronavirus. The Cabinet has since assigned the Ministry of Health and the Ministry of Foreign Affairs to coordinate with countries where Bahrainis reside to obtain approvals and kickstart vaccinations as per HM the King's directives, and in accordance with the domestic requirements of those countries. This comes as part of the initiatives led by the Crown Prince and Prime Minister, His Royal Highness Sheikh Salman bin Hamad Al Khalifa to achieve the best treatment services for all, locally and globally.

Bahrain is Second in the MENA Region on This Child Rights Index

Bahrain just moved up 30 places in an important child's rights index called KidsRights Index! The island has ranked 28th globally, and comes in second among all the countries in the MENA region, only behind Oman (which ranked 21st). KidsRights is the 'only global ranking on how countries worldwide are adhering to children's rights'. The index takes into account life, healthcare, Among the MENA region, Oman leads with rank 21, followed by Bahrain ranked 28th, Egypt ranked 34, and Qatar at rank 39. The UAE came 71st globally, and Saudi Arabia ranks 157th. education, protection, and child rights environment to calculate overall scores.
