BAYAN SCHOOL NEWS

W

Bahrain Bayan School would like to announce that it is a nut-free school. We highly encourage our community to make sure that the students bring with them nut-free snacks.

Nut allergic individuals may face difficulty breathing, dizziness, swelling of the throat and bumps of the skin.

BAYAN SCHOOL NEWS

W

Our Middle School students attended a lecture on Cyberbullying and Social Awareness hosted by the senior academic guidance and counseling specialists from the Ministry of Education. The students were actively engaged in a discussion about social responsibility, compassion for others, respect and integrity.

GENERAL NEWS IN BAHRAIN

Saudi Arabia, Bahrain sign pact on health passport

Saudi Arabia and Bahrain had signed an agreement linking “health passport” for travellers using the King Fahd Causeway connecting the two countries, local media reported.

The step aims to facilitate movement of passengers among citizens and expatriates using the causeway and verifying conformity to health measures set by both kingdoms as part of their efforts to limit the spread of COVID-19. The pact aims to link the COVID-19 precautionary and monitoring measures of both kingdoms to streamline traffic via the causeway by technically integrating the Saudi health Tawakkalna and Bahraini BeAware apps through linking the “health passport” information hosted on the two apps with the two countries’ passport systems, helping determine passengers’ eligibility based on COVID-19 health rules.

GENERAL NEWS IN BAHRAIN

Bahrain launches \$30bn offshore cities plan

Bahrain launched on Wednesday a new strategic projects plan to invest \$30 billion in over 20 new projects, with the construction of 5 new offshore cities, according to Bahrain News Agency (BNA). The strategic project plan will see infrastructure development, including a new causeway connecting Bahrain to Saudi Arabia. Bahrain will also establish a 109km metro system, the 22.5km Northern Road. The strategy will create jobs, and boost economic growth in Bahrain. Bahrain will increase refining capacity from 267,000 to 380,000 barrels per day through the Bapco Modernisation Programme (BMP), which is the largest industrial project in the history of Bahrain.
