## **Great News: Half a Million Residents & Citizens in Bahrain Have Officially Received Both Doses of the Vaccine**

The Ministry of Health announced last night that over half a million residents and citizens have received the second dose of the COVID-19 vaccine, and have surpassed the 2-week period after the dose – this means that 44% of the eligible population has been fully vaccinated and immunized at this point! This goes in line with the ‘herd immunity’ that Bahrain is projected to reach soon, and the MOH has expressed that this proves how aware Bahraini residents and citizens are! So, the higher the number of vaccinated individuals are, the less the chances of spread or infection will be.

## Bahrain Just Launched a Portal Where You Can Report Any Vaccine Side Effects

The Ministry of Health just launched an online portal where vaccinated individuals can report their symptoms after receiving their doses of the 5 vaccines currently available in Bahrain. In their statement, the ministry assured that it will continue to develop electronic channels to improve the quality of services provided as part of the efforts made to address the pandemic. You'll be required to provide your personal information, as well as details of the side effects.

## **The MOH Just Announced a Third Booster Shot Of the Vaccine**

The Ministry of Health just released an important update regarding the COVID-19 Vaccine. Citizens and residents will now have to receive a third, booster shot after a certain period passes from the second dose. This period differs according to the demographic. Those who are considered high risk cases will receive it after 6 months. Including people above the age of 60, people who suffer from obesity, people with autoimmune disorders as well as front line workers. Everyone else will be receiving the shot at the 1 year mark.

## Bahrain Has Extended Travel Guidelines to GCC Countries

Essentially, anyone traveling to Bahrain from within the GCC, who is vaccinated or recovered, will no longer be required to undergo a PCR test, nor will they need to self-isolate. Travelers will be required to show proof of vaccination or recovery via official mobile applications, or any certificates issued by health ministries in Bahrain or across the GCC. If passengers have been vaccinated in a country with 'mutual recognition' of a vaccination certificate, a PCR test also won't be necessary – as long as proof of a recognized vaccine is shown.

## **Gulf Air Is First Airline In the World to Test This Travel Pass That Simplifies Traveling In the Pandemic**

Gulf Air announced its partnership with the International Air Transport Association (IATA) to test an IATA Travel Pass, which simplifies our travel process during the pandemic. Yesterday was the first trial day of the pass, and it's meant to keep everyone and everything organized with documents needed to travel at this time – having it all in one place, virtually. Travelers will be able to manage COVID-19 related documents on the app, which makes the entire process simpler for passengers, airlines and airport staff all at once!

## **His Majesty the King Gifts Eid Grant to Thousands of Families in Bahrain**

The Royal Humanitarian Fund announced that His Majesty The King ordered the disbursement of a Eid gift to thousands of families in Bahrain. The grant is set to benefit 11,000 orphans and widows in the Kingdom and will proceed under the chairmanship of HM's representative for humanitarian work and youth affairs, HH Sheikh Nasser bin Hamad Al Khalifa. This annual grant is meant to assist said families in welcoming and celebrating Eid al Fitr, along with every other occasion in the Kingdom!

# EID AL-FITR

## What is Eid?

Eid al-Fitr is an Islamic festival that marks the end of Ramadan, the holy month of fasting when Muslims fast from dawn to dusk each day. It is the first time Muslims can eat during daylight hours after fasting during Ramadan. The translation of "Eid al-Fitr" from Arabic sums up the holiday as it means "festival of breaking the fast." Eid al-Fitr is celebrated during the first three days of Shawwal, which is the tenth month in the Muslim (lunar) calendar.

Muslims around the world perform communal prayer at daybreak on the first day of Eid al-Fitr, after cleansing themselves and donning new clothes. They then continue to celebrate for three days. A common greeting during Eid al-Fitr is "Eid Mubarak," which means "Blessed Eid." This greeting is used to wish other Muslims well during Eid.

These celebrations during Eid al-Fitr vary from country to country but include visiting family and friends, giving presents, enjoying feasts, wearing new clothes, and visiting the graves of relatives. Through these celebrations, Muslims show their gratitude to Allah after reflecting and fasting during Ramadan.

## DESSERTS

### Arabic Crepes

#### Ingredients:

5 eggs  
5 tablespoons of regular flour  
1/5 cup of rose water soaked  
with saffron  
1/5 cup of plain water  
Medium spoon of soft  
cardamom  
Pistachio (garnish)

### How to make

beat the eggs with the hand whisk and add the cardamom to it, then the rose water. Then add the flour one tablespoon gradually while continuing to whisk. Add the half of the cup of water and beat until you get a thick liquid dough. Grease the frying pan, pour mixture and spread evenly. Cook both sides until golden brown. Mixture should be enough to make 5 servings. Sprinkle sugar between each crepe whilst still hot. Garnish with flower petals and pistachios.
