BBS believes in collaboration and thus strives to ensure continuous professional development and reflection on learning and teaching practices and strategies. The IB Office's recent PD session reflected the true spirit, grit, agency and synergy of all IB team members who were highly engaged and involved in our school's IBDP 5-Year Evaluation process discussion. Teachers brainstormed ideas and practiced visible thinking routines to suggest effective activities and data evidence relevant to our IBDP Development Plan and ATL skills implementation in the High School.
