We were honored by the CEO of Bahrain Mumtalakat Holding Company, Mr. Khalid Al-Rumaihi, with a visit to the Bahrain Bayan School, during which he toured the Zakat Al-Ilm library that was opened in January of this year. He was received by the head of the school's Board of Trustees, Dr. May bint Sulaiman Al Otaibi. He also met with members of the school's administrative and educational body, where many issues related to the investment future of education in the Kingdom of Bahrain were discussed. We thank Mr. Al-Rumaihi for honoring us with this auspicious visit and for the great interest he showed for this distinguished educational and cultural project.

In comparison with schools internationally, the Bahrain Bayan school excels again in another aspect of its operations. The IT department is 10 years ahead of Canada and others, especially when it comes to the student information systems platform (PowerSchool), as said by Mrs. Tamara Fakhoury, in a virtual meeting that was held yesterday to discuss IT in the world. Mrs. Tamara was one of the employees who established the IT Department at Bayan before moving to Canada.

Bayan has been transparent with parents for more than a decade and will always be. Thank you to Mrs. Tamara Fakhoury.

Terrazzo Table Making

What is terrazzo? A composite material of marble chippings set into cement, terrazzo originated in 16th-century Italy as a way to reuse stone offcuts. It is either poured in situ by hand or precast into blocks that can be cut to size. And now you can learn how to terrazzo tables at this workshop in Al Jasra.
