The Grade 6 English classes celebrated literacy week by transforming the English classroom into a Cafe, "Starbooks", where students were encouraged to discuss a book of their choice with their classmates whilst enjoying a cup of hot chocolate and snacks in a more realistic and relaxed setting. We would like to thank Ms. Sarah Zahabi and Ms. Nada Shamsi for organizing this event, the students thoroughly enjoyed it.

TradeQuest is a simulation-based programme that focuses on investment trading in financial markets. The programme was established in the Kingdom of Bahrain in 1997 in collaboration with financial institutions and educational parties. Currently running in its 23rd year, the programme has been highly supported by various banks and financial institutions over the years. This year the participants included 11 private schools, 10 government schools and 6 universities which was one of the biggest events since its inception. BBS managed to win the sub-category of 'Highest Returns in BHB'. This year's BBS team included Abdulla AlHelow (Team leader & Portfolio Manager NYSE), Saud Safa Sharif (Team Strategist), Khalid Moh'd AlKhalifa (Risk Manager - NYSE), Khalifa Khalid AlKhalifa & Abdul Aziz Ramadan (Economics Analyst - NYSE), Rayana Foulad (Portfolio & Risk Manager BHB) & Lulwa Al Maraj (Economic Analyst - BHB). Thank you for Mrs. Sana Sharif for leading the team

At BBS, one of our main goals is to support students into becoming global citizens. International awareness is key in doing so. Therefore, some of our Grade 10 and 11 students participated in an international conference call with CSG Liudger, a school in the Netherlands. The students from both schools presented information about their country, culture, and school environment. We believe international learning and knowledge propels students towards acceptance and understanding of an array of different cultural and community perspectives, in addition to stimulating curiosity in their young minds. Stay tuned for more exciting news and opportunities. Thank you to Mr. Medhat Merabi from BBS and Mr. Peter Vaandrager from the Netherlands for organizing this event.

# GENERAL NEWS IN BAHRAIN

## **This Bahrain-based Organization's Project in Ghana Has Impacted the Lives of 65,000 People**

It began with them identifying a water source to channel potable drinking water to the surrounding villages near Accra. Ask any child in Ghana if they're okay with the condition of water in their village, their answer is a resounding "no". And through Project Nsuo, Rotaract Bahrain built a water pump that answers the need of the communities in Ghana. And boreholes were dug to ensure clean water from the Accra source reaches the 9 villages. For the volunteers of Rotaract Bahrain, Project Nsuo was a life-changing experience. One that created an impact that's going to stay with them for a long time!

## **Bahrain Everest Team Raises the Flag at the Summit of Mount Ama Dablam**

The Bahrain Everest Team accomplished yet another summit and we couldn't be gleaming with more pride! This time, two members of the group raised Bahrain's flag at the Ama Dablam mountain in the eastern Himalayan range of Nepal. The main peak is about 6,812 meters high! Ama Dablam means "Mother's necklace"; the long ridges on each side like the arms of a mother (ama) protecting her child, and the hanging glacier thought of as the Dablam (necklace), the traditional double-pendant containing pictures of the gods, worn by Sherpa women.
