Bahrain Bayan School organized the annual National Day Festival, which this year was called "Bayan's Magical Kingdom", at the school's campus in the educational area in Isa Town. The festival included many entertainment games, competitions and prizes, and the participation of a number of restaurants and cafes, in addition to a small market for selling handicrafts and baked goods for school students. It also included shops selling toys, clothes and accessories, as well as the sale of car boxes for a group of shops, which was very popular. We would like to extend our sincere thanks to all the people of Bayan School who participated, donated, and gave us their precious time. We also extend our sincere thanks to all members of the educational and administrative staff and Bayan staff. We especially thank the staff of the Public Services Department for their cooperation and assistance in making this annual national festival a success, which has achieved a great success.

Our dreams came true! The high school theatrical production "The Dreams". The production tells the story of siblings who have many dreams for the future, they find themselves daydreaming, taking audience members on an exciting journey where the young actors reimagine and rewrite some of literature's most popular stories. It was a raving success!
