BAYAN SCHOOL NEWS

W

Bahrain Bayan School is excited to announce the signing of a memorandum of Understanding with the National Bank of Bahrain, which will allow a select few of our students to take part in the NBB Evolve Internship! In line with our BBS Career Development Plan, this initiative is aimed at refining the students' financial literacy and exposing them to the workplace environment.

We would like to thank NBB for giving the Bayan School students such an amazing opportunity.

BAYAN SCHOOL NEWS

W

All nine of Dr. May Bint Sulaiman AlOtaibi Preschool classes went on individual tours of the Crown Recycling Center to learn more about recycling for their Global Citizen Theme. Students were amazed to see the big machines: crushing computers and cell phones, recycling wire into copper and plastic used to make roads in other countries. The big claw that grabbed aluminum and crushed it into a box to be recycled by Alba was a highlight as well. Students each sorted a plastic bottle for recycling and were proud that they were using reusable water bottles instead of disposable water bottles that made up most of the mountain of plastic for recycling. Students wished that everyone would use reusable water bottles to care for our world!
