BAYAN SCHOOL NEWS

W

The Bahrain Bayan School has celebrated its 40th year and 28th graduating class this year. The Bahrain Bayan School pioneered and perfected the social distanced high school graduation in the last 2 years amidst the global pandemic. This year as we have seen return to normalcy, the school has built upon what it has done previously to create an extraordinary event that took everyone's breath away. The event was held indoors, whilst still promoting and implementing safety precautions by having each family sitting together in a booth, something that has never been done before. There was a massive U shaped screen spreading across the entire stage to ensure that all the guests were able to clearly see what was happening at all times, as well as being able to clearly view some very important videos that were aired, which not only represent the Bahrain Bayan School, but the Kingdom of Bahrain as a whole and its cultural, religious and ethnic diversity. Distinguished guests attended and a select number of students were awarded with special awards which are unique to the Bahrain Bayan School and will not be found anywhere else. The Bayan School graduation has already attracted global attention from companies that would like to be involved, which is why we are so keen to have it aired by you as well.
