REFRESH YOUR MINDS !

In line with its continuous endeavours towards boosting employees' knowledge, PR Department is pleased to share with you a couple of interesting facts on a weekly basis under the theme of "Refresh Your Mind"!

TRAVEL DESTINATION.

CAPE TOWN, SOUTH AFRICA

At the feet of the iconic Table Mountain, lies a little city with much to offer called Cape Town. With the arrival of Dutch settlers in 1652 who were sent to start a halfway station for passing ships Cape Town was established, also known as Africa's "Mother City." Like many other African cities, it has a complicated colonial history, but one that has brought about truly magnificent diversity.

ART HISTORY.

MONA LISA

Leonardo Da Vinci began painting the Mona Lisa in 1504/1505 and only finalised the painting shortly before he died in 1519. Reports say that it took Da Vinci 10 years to perfect Mona Lisa's lips alone. Da Vinci was a procrastinator and often regretted not finishing many of his works.

WILD LIFE.

RHINOCEROS

Rhinos are a part of the "Big Five" animals, popular on African safaris. Their habitats include tropical and subtropical grasslands, savannahs and shrublands, tropical moist forests, deserts, etc. These Rhinos also grow to be 4 – 10 feet. The southern white rhinos, thought to be extinct, now thrive in protected sanctuaries. But the western black rhino and northern white rhinos have gone extinct in the wild through rhino poaching levels that hit record breaking highs in 2015, with poachers killing around 1,300 rhinos in Africa alone.

Bahrain tops "best expat country in the world to live" survey !

Bahrain is the number one place to live and work in the world, according to expats surveyed for a study analysing the top destinations for quality of life. While Bahrain led the Expat Insider poll as a good place to work and raise a family, and for making foreigners feel welcome, the UAE - in 26th position overall - was the third most popular expat destination in the Arabian Gulf, behind Oman. Kuwait, Saudi Arabia and Qatar all ranked in the bottom 10 of the 65 countries surveyed. "While Bahrain barely made the top 20 in 2016 (19th place), improvements across all indices that factor into the ranking have seen the Gulf state take pole position in 2017," the report stated. "However other Gulf states struggle, especially regarding job security; discounting those living in Bahrain, less than half of expats in the Gulf region were content with this factor." The annual study by InterNations, now in its fourth year, polled 12,500 respondents from 166 nationalities. The final ranking is based on how countries were rated by expat residents with factors analysed including the cost of living, safety and security, family life, personal finances and working abroad.

BAYAN LEADS

Dana Charafeddine

Represents Bahrain Women's national Team

Dana Proudly said :

My name is Dana Charafeddine, a Bahrain Bayan School student that has been playing football ever since I can remember. Today, I represent The Bahrain women's national team and it is an honor for me to be able to represent my country and wear the flag on my chest while doing what I love. I have participated in many different tournaments, training camps and leagues in and out of Bahrain. The first international step I took was a Manchester United training camp where 22 others and I were picked from over 113 participants by VIVA Bahrain in order to get trained by the professional coaches in Manchester. I entered the Bahrain Women's U-16 team in 2017 where we participated in 2 tournaments that year, the West Asian football championships (WAFF) in Dubai and later that year the AFC U16 qualifiers in Bangladesh. Today my team and I are getting ready to participate and win the title for the upcoming tournament that will be held in Bahrain. Training with a professional team and a professional staff has taught me many things in and out of the field and I'm looking forward to enhance my football career while raising my country's flag high.

DID YOU KNOW?

- 💡 Did you know 11% of people are left handed
- 💡 Did you know August has the highest percentage of births
- 💡 Did you know unless food is mixed with saliva you can't taste it
- 💡 Did you know the average person falls asleep in 7 minutes
- 💡 Did you know a bear has 42 teeth
- 💡 Did you know an ostrich's eye is bigger than its brain
