REFRESH YOUR MINDS !

In line with its continuous endeavours towards boosting employees' knowledge, PR Department is pleased to share with you a couple of interesting facts on a weekly basis under the theme of "Refresh Your Mind"!

TRAVEL DESTINATION

KYRGYZ REPUBLIC

Kyrgyzstan, officially the Kyrgyz Republic, is a nation defined by its natural beauty. Joyously unspoilt mountainscapes, stark craggy ridges and rolling jai-loos (summer pastures) are brought to life by semi-nomadic, yurt-dwelling shepherds. Add to this a well-developed network of homestays and visa-free travel, and it's easy to see why Kyrgyzstan (officially the Kyrgyz Republic), is the gateway of choice for many travellers in Central Asia.

ENVIRONMENT

PLASTIC WASTE

In 1950 the world produced only 2 million tonnes per year. Since then, annual production has increased nearly 200-fold, reaching 381 million tonnes in 2015 an estimated 6.3 billion tons of plastic has been produced worldwide, of which an estimated 9% has been recycled and another 12% has been incinerated. For context, this is roughly equivalent to the mass of two-thirds of the world population. Some researchers suggest that by 2050 there could be more plastic than fish in the oceans by weight.

WILD LIFE

PHILIPPINE TARSIER

The Philippine tarsier (*Carlito syrichta*), known locally as Mawumag in Cebuano and other Visayan languages is a species of tarsier endemic to the Philippines. It is found in the southeastern part of the archipelago, particularly on the islands of Bohol, Samar, Leyte and Mindanao. It is a member of the approximately 45-million-year-old family Tarsiidae, whose name is derived from its elongated "tarsus" or ankle bone. Formerly a member of the genus *Tarsius*, it is now listed as the only member of the genus *Carlito*, a new genus named after the conservationist Carlito Pizarra.

SAFETY FIRST

Kindly discuss the below weekly theme of Safety Hour amongst yourselves in order to sustain the safety momentum.

Driving During Rainy Weather

1. Keep your windows clean and clear.
2. Maintain your tires.
3. Turn on the wipers & lights.
4. Drive slowly and maintain a good distance between your car and the car in front of you.
5. Stay focused and keep your eyes always on the road.
6. Drive with both hands on the wheel.
7. Avoid slamming on the brakes, which can cause forward sliding.
8. Take turns slowly.
9. Pull over if necessary.
10. Turn around if you encounter deep or moving water.

Fun Facts That Will Make You Smile

a group of bunnies is called a "fluffle."

There's an official rock paper scissors league. The championship once aired on ESPN, but for some reason the sport hasn't quite taken off.
