## COVID-19 UPDATES

PUBLICATION Gulf Daily News  
HEADLINE Vaccine Trial Target Reached

The Crown Prince yesterday thanked his 6,000 fellow volunteers as Bahrain reached the target for the third phase of Covid-19 vaccine clinical trials.

His Royal Highness Prince Salman bin Hamad Al Khalifa, Crown Prince, Deputy Supreme Commander and First Deputy Prime Minister, said the continued determination and unity of the kingdom's citizens and residents in supporting national efforts to combat the coronavirus remains central to overcoming challenges presented by the pandemic.

He said the contribution of his fellow volunteers from Bahrain in reaching their volunteering target, was both noble and charitable, showing great humanity and compassion.

A total of 6,000 people hailing from different nationalities have volunteered for the vaccine clinical trials. The Health Ministry yesterday announced the target has been reached, six weeks after the trials got underway in Bahrain.

\*The target number of volunteers for phase three clinical trials of a potential Covid-19 vaccine in the country has been increased by 1,700, it was confirmed yesterday. The new development was officially announced by National Taskforce for Combating Coronavirus (Covid-19) monitoring committee head Lieutenant Colonel Dr Manaf Al Qahtani at a Press conference.

HEADLINE Banks Cannot Charge Fees On Loan Defferal

### **Banks cannot charge fees on loan deferral says CBB**

The Central Bank of Bahrain (CBB) has clarified that no fees, except insurance, can be charged by lenders on the four-month loan deferral for Bahrainis and local companies.

The GDN has received a copy of fresh guidelines issued to banks, finance and microfinance companies by the regulator yesterday.

This comes a day after it was reported that banks had agreed to waive loan instalments from September until the end of the current year, provided that interest on the amount and administrative fees will have to be paid during the postponement period.

The CBB circular yesterday said no fees must be charged to customers for providing loan deferment option, except for additional insurance fees resulting from extension of the loan tenor.

# STOP THE SPREAD

## WASH YOUR HANDS FREQUENTLY

Regularly and thoroughly clean your hands with an alcohol-based hand rub or wash them with soap and water.

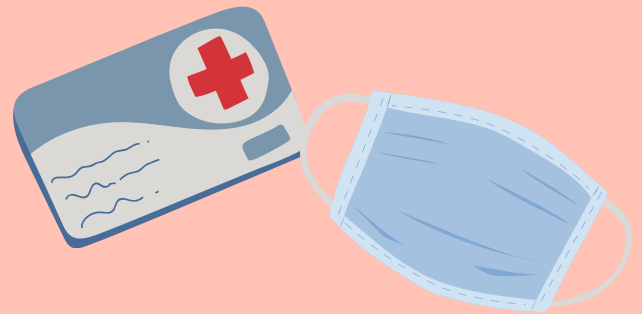

## MAINTAIN PHYSICAL DISTANCING

Maintain at least 2 meters (6 feet) distance between yourself and anyone who is coughing or sneezing.

## AVOID TOUCHING EYES, NOSE AND MOUTH

Hands touch many surfaces and can pick up viruses. Once contaminated, hands can transfer the virus to your eyes, nose or mouth.

## IF YOU HAVE A FEVER, COUGH AND DIFFICULTY BREATHING, SEEK MEDICAL CARE EARLY

Stay home if you feel unwell. If you have a fever, cough and difficulty breathing, seek medical attention and call in advance.
