REFRESH YOUR MINDS !

In line with its continuous endeavours towards boosting employees' knowledge, PR Department is pleased to share with you a couple of interesting facts on a weekly basis under the theme of "Refresh Your Mind"!

TRAVEL DESTINATION

THINGVELLIR NATIONAL PARK

The North American and Eurasian tectonic plates meet in Thingvellir, Iceland, where they're visible to visitors walking through the Thingvellir National Park. You might recognize it from Season 4 of "Game of Thrones". The Golden Circle is a popular tourist route for visitors who want to see the plates and the national park where Iceland's first parliament used to meet.

ENVIRONMENT

REDUCE FOOD WASTE

Be cautious of wasting food, according to official figures, the quantity of domestic waste dumped every year in Bahrain is around 554,000 tons, on average. Every year, consumers in rich countries waste as much food (222 million tons) as the entire net food production of Sub-Saharan Africa. As an individual, you can't stop this phenomenon, but if we all do our share, it will have a positive impact.

SPORTS

2019 RUGBY WORLD CUP

Hosted once every four years, the Rugby World Cup is rugby's centrepiece event. It is the big stage that rugby players from all over the world dream of reaching. Held over the course of seven weeks, it is the 3rd largest sports event in the world after the Summer Olympics and the Football World Cup. The 2019 Rugby World Cup is the ongoing ninth tournament which is being held in Japan from the first kick-off on 20 September to the Finals on 2 November.

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

#BAYAN LEADS

Under the patronage of His Highness Sheikh Khalid bin Hamad Al Khalifa, First Deputy Chairman of the Supreme Council for Youth and Sports, President of the Bahrain Athletics Federation, Honorary President of the Federation of Running for the Determined.

HH Sheikh Khalid bin Hamad Charity Festival for the Disabled was held on Sunday evening at Isa Sports City. It was attended by a number of students of Bayan Bahrain School in a distinguished public interaction in addition to the establishment of many sports races.

We congratulate the students of Al Bayan for the big win

We thank the administrators and teachers for accompanying and encouraging our students.

SAFETY FIRST

Kindly discuss the below weekly theme of Safety Hour amongst yourselves in order to sustain the safety momentum.

This Week's Theme:

[Fog Safety](#)

Fog can create dangerous road conditions but being prepared can help you avoid accidents. The most hazardous thing about driving in the fog is the reduced visibility. Fog is actually made up of tiny water droplets that are suspended in the air which creates a thick cloud-like layer and usually gets thicker in low-lying areas.

Quality education,
sustainability and equality for all

Fun Facts That Will Make You Smile

Squirrels plant thousands of new trees each year by merely forgetting where they put their acorns.

When playing with female puppies, male puppies will often let them win, even if they have a physical advantage.
