REFRESH YOUR MINDS !

In line with its continuous endeavours towards boosting employees' knowledge, PR Department is pleased to share with you a couple of interesting facts on a weekly basis under the theme of "Refresh Your Mind"!

ENVIRONMENT

PLASTIC BAN

More than 400 laws and ordinances across America ban or tax plastic bags. The bans actually started outside the United States, with Bangladesh banning them countrywide in 2002 and Pakistan announcing recently that it, too, will ban single-use plastic bags. Bahrain is in the early phases of banning single-use plastic items to ensure the Kingdom is moving forward in hopes of saving the environment in the near future. Our slight change in habits will do miracles for future generations.

TRAVEL DESTINATION

ANCHORAGE, ALASKA

Alaska is known for its wild adventures and breathtaking landscapes. In June, daylight lasts for more than 20 hours each day in Anchorage but at night the sky lights up with the iconic show-stopping northern lights.

WILD LIFE.

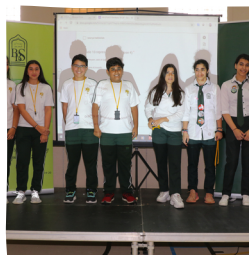

PINK FAIRY ARMADILLO

The pink fairy armadillo, scientifically known as the *Chlamyphorus truncatus* or *pichiciego*, is the smallest species of armadillo (mammals recognized by a bony armor shell). This desert-adapted animal is endemic to central Argentina and can be found inhabiting sandy plains, dunes, and scrubby grasslands.

BAYAN LEADS

STUDENT COUNCIL ELECTIONS

It was a very exciting day at Bahrain Bayan School, as the student council elections took place. High school students, teachers and other members of staff gathered to vote from a bright range of candidates to form the council. Aesha Fahmi Al Jowder was elected for president, Hashim Al Sharaf for deputy and Hessa Abdullah Al Romaihi for vice president - along with other candidates who made up the rest of the team. Well done to candidates and elected representatives; our congratulations go out to all candidates for their outstanding campaigns and enthusiasm. Thanks goes to the voters and the organizational committee for all their support.
