CONGRATULATIONS!

FROM THE BAHRAIN BAYAN SCHOOL

The Supreme Council for Women Celebrated Its 20th Anniversary

A nation's success is determined by the role of women in its society, and we agree! The Supreme Council for Women, Bahrain celebrated its 20th anniversary, the 22nd of August, and we couldn't be more thankful! SCW has had an immense record of achievements due to its plans and policies including, national strategies regarding gender balance, family counseling, protection from domestic violence and women empowerment. Her Royal Highness Princess Sabeeka bint Ibrahim Al Khalifa, wife of His Majesty and President SCW, has a vital role in the achievements of SCW.

YOUSIF AL SHEHABI
Class of 2011

يقال أنه من قلب الصعوبات يولد الأمل.. ورغم الحادث المؤلم لطيران الخليج بتاريخ ٢٣ أغسطس من العام ٢٠٠٠م الراسخ في ذاكرة أهل البحرين إلا أنه لم يترك بصماته على مسيرة أبناء قائد طائرة طيران الخليج المرحوم عادل الشهابي للانطلاق في تحقيق احلامهما، بل انها شكلت مصدراً للالهام والإصرار والإرادة القوية للمضي قدماً في إكمال الرسالة.. ليصبح الخريجون من مدرسة بيان البحرين الأبن البكر يوسف طياراً واخوه الاصغر محمد مهندساً للطيران وليكونوا كما طلبة وأهل البيان قدوة في الإيجابية والالتزان العاطفي، بالتوفيق لطلبتنا دائماً وأبداً أينما حلوا وارتحلوا.. إنه الإيمان والتسليم بقضاء الله وقدره والتحلي بالعزيمة والإرادة القوية لتستمر معه "رحلة الحياة".

REMARKABLE BAYAN ALUMNI

Class of 2006

ALI HASSAN LARI

Ali Lari is an Architect & Project Manager with projects in the USA, Russia, China, Kuwait, Bahrain and Saudi Arabia, including master planning, healthcare (the world's 2nd largest cancer center), hospitality, residential and commercial projects and an award winning urban installation in Paris, France. He has extensive experience across design, construction and real estate development with leading international firms, including NBBJ & SSH.

Ali is currently the American Institute of Architects Middle East (AIA ME) President, having served on its Board of Directors since 2016 as Bahrain Country Representative. He's engaged the architectural community including professionals, academics and students in Bahrain & the region through varied programs and dialog towards a more refined, sustainable and equitable architectural practice. Ali was the Conference Chair of the 2018 AIA Middle East Conference & Design Awards in Bahrain and the AIA International 2021 Spring Conference.

Ali's passion for architecture stems from a greater desire for a better life, a more advanced & equitable world and thus a more resilient & sustainable built form. This passion extends beyond the building to the urban scale as part of a vision that architecture is not a disconnected practice for its own sake; rather an act of engagement with human beings.

Ali is a Registered Architect in New York, USA & Bahrain and is PMP certified. He received a Bachelor of Science degree in Architecture from the Georgia Institute of Technology in Atlanta, Georgia, USA and is currently Development Director & Lead Architect for Hassan Lari Group, a real estate development and construction firm based in Bahrain. He also co-founded Minwar Podcast, a show that engages guests in various topics for an in-depth conversation promoting critical thinking & curiosity, and serves as the podcast's host.
